WORK EXPERIENCE

Alternative Investment Analyst Intern • National Investment Corporation of the NBK (NIC) • *May 2026 – Aug 2026*

- Conducted due diligence and investment screening across private equity, infrastructure, and alternative asset classes for Kazakhstan's sovereign wealth fund.
- Built financial models (DCF, LBO) to evaluate potential portfolio investments and assisted in preparing investment committee materials.
- Monitored global macro trends and drafted internal research notes on EM asset allocation and risk-adjusted return opportunities.

Accounting Intern • Chevron Corporation • *Jun 2025 – Aug 2025*

- Analyzed operational data using Power BI across 5+ departments, identifying \$150K+ in potential annual cost savings through procurement and logistics efficiencies.
- Supported month-end and quarter-end closing for a \$2B+ business unit; reduced reconciliation time by 15% through automation of manual Excel workflows using SAP.

CEO & Founder • DerbyFTBL — Sports Retail Business • *2022 – Present*

- Bootstrapped from US\$300 to US\$2,500 net profit in 6 months (733% growth); achieved 40% gross margin via direct sourcing. Hired 2 staff, secured 16 football club contracts, and opened a physical store in Atyrau (+120% foot traffic in Q1).

Finance Research Team Member • RSPC Daryn Kazakhstan • *Sep 2022 – Apr 2024*

- Led a 5-person team to National Finalist (2023 & 2024) out of 27,000 participants; presented research on corporate financial resilience to 100+ business leaders and government officials.

Volunteer • Pearl Institute (HK) • *Sep 2024–Present*

- Hosted 15+ events engaging 500+ people in educational and social programs.

PROJECTS

Kaspi.kz (KSPI) — Equity Investment Memorandum & DCF Valuation • *May 2026*

- Built a full three-sheet valuation model (DCF, Comps, WACC) for Kazakhstan's dominant fintech super-app (NASDAQ: KSPI)
- DCF base case (WACC 13.1%, TGR 3%) implies \$511/share vs. current ~\$86 — 493% upside; 12-month BUY target of \$150–200 under conservative assumptions.
- Modelled KSPI's flywheel across Payments (TPV >₸12T/quarter), Marketplace (GMV ~₸1.9T/quarter), and Fintech segments; accounted for KZT FX risk, NBRK regulatory exposure, and EM illiquidity discount in WACC (CRP 2.5%, size premium 2.0%).
