PROFESSIONAL EXPERIENCE

National Investment Corporation of the NBK (NIC)

July – Present

Alternative Investment Analyst Intern • Sovereign Wealth Fund (~\$30B AUM)

- Screened 10+ investment opportunities across PE, infrastructure, and real asset strategies, **handling confidential deal materials with discretion**; advanced 3–4 deals to investment committee with integrated DCF & LBO models stress-tested under 3 macro scenarios, directly informing go/no-go capital allocation decisions for institutional client portfolios
- Produced 3–5 in-depth **market research** notes (~8–10 pages each) on EM rate dynamics, KZT FX and liquidity risk, and illiquidity premia across PE, infrastructure, private credit, and real assets — presented to senior portfolio managers during the quarterly **asset allocation** review, directly shaping the fund's alternative investment strategy
- Evaluated risk-return profiles, **portfolio construction and diversification** implications across 6 alternative asset classes — liquid alternatives, private equity, real estate, infrastructure, private credit, and real assets — supporting **risk management** and identifying investment capabilities aligned with client investment objectives within a \$30B AUM portfolio

Chevron Corporation

Jun – July 2026

Finance & Accounting Intern

- Automated Excel–SAP reconciliation **controls and workflows** for a \$2B+ business unit, reducing the quarter-end close cycle by 15% (~3 hrs/close) and improving cross-functional KPI reporting turnaround from 3 days to same-day; findings presented to senior finance leadership to strengthen **internal control** processes and support operational decisions
